## If you worked at Knorr, Wabtec, Faiveley, Railroad Controls, Xorail, or New York Air Brake, you could receive money.

You may be affected by class action settlements in an antitrust lawsuit alleging that Knorr, Faiveley, and Wabtec unlawfully agreed not to compete for hire, recruit, or poach one another's employees. The Defendants deny they did anything wrong. The Court has not decided who is right. Instead, the parties agreed to settle the case to avoid the costs and risks of litigation.

(after deducting court-approved attorneys' fees and costs, service awards, and approximately \$105,000 in administrative costs) will depend on how much compensation they received while employed in an eligible job title from January 1, 2009 through April 3, 2018, in comparison to other Class Members, less applicable taxes.

### ARE YOU AFFECTED?

The Settlement Class includes all persons who held eligible job titles and were employed in the United States by one or more of the following:

(a) from January 1, 2009 through April 3, 2018, Westinghouse Air Brake Technologies Corporation or its subsidiaries, including Wabtec Railway Electronics, Inc., Railroad Controls, L.P., and Xorail Inc.;

(b) from January 1, 2009 through April 3, 2018, Knorr Brake Company LLC, or New York Air Brake LLC; or

(c) from June 1, 2010 through April 3, 2018, Faiveley Transport, S.A. or Faiveley Transport North America Inc.

A list of eligible job families and job titles is available at [www.railwaynopoach.com](http://www.railwaynopoach.com).

### WHO REPRESENTS THE CLASS?

The Court appointed Dean Harvey of Loeff Cabesser Heilmann & Bernstein, LLP and Roberta Liebenberg of Fine, Kaplan and Black, R.P.C., to represent Class Members as "Co-Lead Class Counsel." You don't have to pay Co-Lead Class Counsel, or anyone else, to participate. Instead, they will ask the Court for attorneys' fees of up to one-third of the total settlements and reimbursement of approximately \$15,000 in costs to be paid from the settlements. You may hire your own lawyer to appear in Court for you at your own expense.

The five plaintiffs are Class Members, and the Court accepted them as "Class Representatives." They will each ask the Court for a \$15,000 service award.

### HOW MUCH MONEY WILL CLASS MEMBERS GET?

Each Class Member's share of the Settlement Fund

### HOW DO I GET A PAYMENT?

You will automatically receive money from the settlements if you held an eligible job title and worked for Knorr Brake Company between January 1, 2011 and April 3, 2018; for New York Air Brake between January 1, 2009 and April 3, 2018; for Wabtec between January 1, 2016 and April 3, 2018; or for Faiveley between November 1, 2016 and April 3, 2018.

### Who's affected?

You may be affected if you worked for Wabtec or Knorr companies between January 1, 2009 and April 3, 2018 or Faiveley companies between June 1, 2010 and April 3, 2018.

However, you must file a claim form by June 17, 2020 if you held an eligible job title and worked for Wabtec between January 1, 2009 and December 31, 2015 but not thereafter, for Faiveley at any time between June 1, 2010 and October 31, 2016 but not thereafter, or for

Knorr Brake Company between January 1, 2009 to December 31, 2010 but not thereafter.

Claim forms are available and may be submitted at [www.railwaynopoach.com](http://www.railwaynopoach.com).

By receiving a payment, you will give up your right to sue any of the Defendants and related parties for any claims made in this lawsuit and released by the settlements. If you do not want a payment and wish to preserve your right to sue the Defendants for these claims, you must submit a written request to exclude yourself from the settlement class by June 17, 2020. If you do not exclude yourself, you can tell the Court you disagree with the settlements by filing a written objection before June 17, 2020. See [www.railwaynopoach.com](http://www.railwaynopoach.com) for more info.

### THE FINAL HEARING

The Court will hold a Final Hearing on August 28, 2020 to decide whether to approve each settlement as fair, reasonable, and adequate, and whether to approve Class Counsel's request for attorneys' fee reimbursement of costs, and the Plaintiffs' request for service awards.
